## OFFICES OF SOUTHERN RAILWAY

May Come to Greensboro—Promi-  
nent Officials Here Looking Over  
the Field—What it Would Mean

As is well known, those offices of the Southern Railway that were in the traction house in Washington, D. C., were destroyed by fire. This of course necessitated a search for other quarters. In this connection we will state that it is rumored that the office of the superintendent of track building and bridges will be moved to Greensboro. Taking into consideration the fact of Greensboro's central location on the system and that Supt. Dodson, of the above named department, has been in Greensboro we hope that this rumor may take substantial form. If this possibility were to materialize it would mean not only an increase in population but the acquisition of some excellent people as citizens, as well as another recognition of the central location of Greensboro.

In the building destroyed were also the office of the purchasing agent and the office for the tests made in the mechanical department. Of the movements of the latter two offices we have had no information, but we hope they will give the Gate City a favorable consideration before locating elsewhere.

## IS IT YELLOW FEVER?

New Orleans Man Says the Present  
Scourge is Not Yellow Fever.

A gentleman from New Orleans in a conversation with a News reporter last night stated some interesting facts concerning the fever situation in that city. The gentleman referred to says that it is a debatable question whether or not the present scourge of fever is the same as the yellow fever of past years. The record shows that when yellow fever was prevalent in New Orleans years ago that its course was spent in five days time, the affected ones either dying or a sudden change for the better taking place when the five days had elapsed. The present scourge of fever is not in any respect like former ones. The patients now are sick from ten to fifteen days, and there are other symptoms that go to prove that the present fever that exists in the South today is not yellow fever. The gentleman referred to was frank to admit that the press report did not, in his opinion, give a correct list of the afflicted ones. He was of the opinion that there are at the present time 500 cases of this disease in New Orleans alone.—Charlotte News.

## CRAWFORDS ARE UNFORTUNATE.

Presence of Mind Saves a Death at  
Proximity.

There was another accident at Proximity last night in the Crawford family, the same family in which a boy had his hand blown off last week. Fletcher Crawford had just filled a lamp afresh, when for some unaccountable reason it exploded. The lamp was blown into fragments and the burning oil thrown all over him from his waist up. He was instantly enveloped in flames, but with wonderful presence of mind jumped into a bed and his mother who was in the room at the time of the explosion, quickly covered him up with a blanket and smothered out the flames. His clothing was badly scorched, but he was not burned except on his hand where the burning oil took off the epidermis. The burn was very painful, but not at all dangerous. Dr. Turner was 'phoned for and dressed the hand and the patient is resting quietly.

## Mr. Smith Lectures at the Normal.

Dr. Alphonso Smith, whose lecture on "Southern Oratory Before the War" was so highly appreciated as delivered at the court house some time since, will repeat it by request at the Normal and Industrial College Monday night, October 11th. The public is cordially invited. No charge will be made for admission.

## Complaints of a Bibulous Judge.

A Lumberton special to News and Observer says:

There is a great deal of complaint about high taxes. Taxes are about double what they were under Democratic rule. The extra courts the Legislature gave us, and Judge Norwood's drunkenness largely increased the expenses. He was drunk one whole court which cost the county at least \$2,000, and nothing was done.

It is very evident now that the changes in the school law are detrimental to the public schools. There seems to be dissatisfaction on the part of all parties and races.

## Members of the New Cuban Staff.

By Cable to THE TELEGRAM.

Madrid, Oct. 9.—Gen. Ramon Blanco, who has been selected to succeed Weyler as Captain General of Cuba, will be accompanied by General Arderius, who will act as second chief in command, or deputy governor in the place of the Marquis of Ahumada. Gen. Gonzales Parralo, chief of staff and Generals Pando, Bernal and Canella will go with the party.

## Pride Went Before a Fall.

By Wire to THE TELEGRAM.

Denver, Col., Oct. 9.—Deceptive William Pinkerton, of Chicago, is being unmercifully "guyed" here today. He came to Denver to see the Carnival and to advise the local police about the presence of pickpockets. One of them went through Pinkerton's pockets while he was watching the parade and got two hundred and fifty dollars.

## At the Westminster Church.

Rev. S. O. Hall, will preach tomorrow night on Heaven—the Character of those who enter. His subject on the following Sunday night, will be "Heavenly Recognition." A cordial invitation is extended to all strangers in the city.

## INPOURING FLOOD OF GOLD

The Tide of the Yellow Metal Still  
Setting Westward

## MANY MILLIONS IN TRANSIT

London Bankers Growing Wary.  
The Biggest Check Ever Received  
in the Custom House.

By Wire to THE TELEGRAM.

New York, Oct. 9.—The national bank will receive two hundred thousand dollars in gold by the steamship Ems which is due here from Gibraltar October thirteenth. This makes nearly eight and a half million dollars now in transit.

The largest check ever turned into the custom house for import duty on sugar was received here today signed by the American Sugar Refining Company. The check called for \$155,382 and was in payment of the duty on eleven million pounds of raw sugar refined at the Brooklyn works.

## Three and a Quarter Million.

By Cable to THE TELEGRAM.

Southampton, Oct. 9.—The American line steamer Paris which sailed from here for New York today had aboard three and a quarter million dollars in gold, consigned to different New York houses.

## South African Securities Tumble.

By Cable to THE TELEGRAM.

London, Oct. 9.—Bankers here are not inclined to take bills freely, in view of the probability of further shipments of gold to New York. It is expected that there will be an early rise in the bank rate.

South African securities opened today in a very depressed condition, owing to a report of the serious illness of Cecil Rhodes, the South African magnate.

## As Treasurer Roberts Sees It.

By wire to THE TELEGRAM.

Washington, D. C. Oct. 9.—United States Treasurer Roberts says that he believes the inflow of gold will continue until twenty million dollars has been imported. He credits part to the coming sale of the Union Pacific railroad and most of the balance to heavy movements of wheat and cotton. Attorney-General McKenna gave out his expected decision on the Union Pacific case. In handing the statement to the press he reiterated that he believed that a larger bid would be received than that of the reorganization committee. He said that the road would positively go to the highest bidder.

## UNIVERSITY WINS.

The Score was 16 to 0. Neither Side  
Scored During the First Half.

Special to THE TELEGRAM.

Chapel Hill, Oct. 9.—The second game of football of the season, was played in the University Athletic park here this afternoon between the U. N. C. team and a team from Guilford College. The game was called promptly at 2 o'clock, so as to get through in time for the Guilford boys to get off home on the afternoon train. It was a snappy game from start to finish. Neither side scored during the first half, but during the last half the University made three touch downs and kicked goal twice. Both sides played well.

Score:—University 16; Guilford College 0.

## SAILORS' WAGES RESTORED.

Recent Cut Discountenanced by Sec-  
retary Gage.

By Wire to THE TELEGRAM.

Seattle, Wash., Oct. 9.—A telegram received here from the Treasury Department states that Secretary Gage has rescinded the recent order reducing the pay of seamen on revenue cutters from twenty-eight to twenty-five dollars per month.

It is now expected that the sailors on the cutters Grant and Perry, who quit the service when the reduction was made will rejoin.

## Gotham's Quota for Klondyke.

By Wire to THE TELEGRAM.

New York, Oct. 9.—The first regular expedition to leave this city for Klondyke departed this afternoon when the schooner Nellie G. Thurston, formerly a Cape Cod fisherman, sailed from the Erie basin with a small army of gold fevered hunters.

## German Social Democracy.

By Cable to THE TELEGRAM.

Hamburg, Oct. 9.—The social democratic congress today adopted the suggestion embodied in the resolution offered yesterday that societies take part in the election for members in the Prussian Lantag.

## POINTS FROM HIGH POINT.

Personal and Local Affairs Briefly  
Mentioned.

TELEGRAM BUREAU,  
HIGH POINT, N. C., Oct. 7, '97.

Dr. D. Reid Parker, the successful farmer of Trinity, who was appointed by the last legislature to hold the Farmers Institute throughout the state has returned home on full pay until the farmers wish to hear some more of his successful farming in Randolph.

J. M. Nicholson, of Greensboro was in the city yesterday.

Mrs. R. E. Causey and children who have been visiting here for several weeks, returned to their home in Palmetto, Ga., this morning.

Mrs. Sue V. Tomlinson left this morning for Asheville in the interest of the W. C. T. U. of North Carolina.

Mr. P. V. Kirkman returned this morning from a business trip north.

Miss Hattie Hartsell will spend Sunday in Greensboro.

Misses Henry Anna Hackney and Clara Cox left this morning for Guilford College to spend Sunday.

The remains of Mrs. E. P. Myrick, of Salisbury, were carried through this morning enroute to Randleman for interment.

Miss Rena Worth, who has been spending the week in Lexington returned this morning.

Rev. Mr. Tatum, who has been a missionary in China for a number of years, will preach at the Baptist church here tomorrow morning, and will lecture at the same place at night.

## NAVAL BUDGET ADOPTED.

Germany Appropriates 410,000,000  
Marks for a Period of Seven Years.

By Cable to THE TELEGRAM.

Berlin, Oct. 9.—The Bundesrath today adopted the naval bill which was introduced by Admiral Tierpitz, secretary of the navy. The bill provides for the expenditure of four hundred and ten million marks to extend over a period of seven years.

## Jersey Commissioners in Town.

Colonel John J. Taffey, Robert M. Packer and Robert Mitchell Floyd, Jersey City commissioners spent the morning in the city and left on the noon train. The gentlemen said they had heard of Greensboro and so stopped off to see it. Mayor Nelson and J. F. Jordan drove them over the city and they professed themselves greatly delighted with it.

Col. Taffey was formerly sheriff of Hudson county in Jersey, and the other two members of the commissioners are prominent citizens of their state. They reported Jersey day at the Centennial, as a big success, but said the Centennial is being hurt considerably in a financial way by the yellow fever scare.

Mr. Croker may be deemed to have demonstrated that he is still Robinson Crusoe, while Mr. Sheehan is only a bad Friday.

In the Railroad commission suit, Governor Russell quite evidently believes that, "in a multitude of counsel there is safety."

The only possible objection to returning prosperity is that it appears to the anxious watchers just a little unnecessarily coy.

The great objection to the civil service apparently is that all the blowing in the muzzle that is being done does not make it go off.

It will be a strictly logical sequiter if Chicago seeks an early opportunity for putting seven or eight mayoralty candidates in the field.

With all Atlanta's hustle, it must go down against her that she could not even freeze on to the rear end of New Orleans' fever scare.

The political parties of Greater New York have not as yet shown any inclination to follow the city's lead in the consolidation business.

The bicycle-for-two nuptial business is catching. Wilmington Star. We had supposed that its strong recommendation was that there was no catching the thing at all.

ONE of the latest precautions is to disinfect a theatre after the play. It would not be half bad to disinfect certain of the companies before the performance begins.

It is possible that the leaders of the G. O. P., in this state may have certain faults, but recent evidences have effectually barred any imputation that they are not possessed of a richly saline vocabulary.

THE first number of the Hayseeder is at hand and is at least free from pendent icicles. It promises that its temperature will not decline with age, and it serves notice of its willingness to help along the gaiety as follows: "The fight is on and the gage of battle drawn, and we will face the music and dance up to the line wherever and whenever drawn." It devotes two pages to the correspondence in the Railroad Commission matter.

ONE amusing feature in the state today is the way in which certain advocates of harmony set about securing it. Today we will have an editorial that will make us long to go on a hunt for our bitterest enemy, that we may fall upon his neck and blister his collar with forgiving tears and tomorrow the same journal will go for the other party to the harmony arrangement in the fashion of Charles A. Dana. There is a good deal of nonsense being talked about harmony, if actions go for anything. Harmony by all means if it really harmonizes but a little forbearance on the part of those preaching it would be wise and in excellent taste. So far as appearances go, each expects the other to do all the harmonizing. Let us have more of the real article and less of sham and pretense.

## SATURDAY'S LITERARY CHAT.

[All books and magazines mentioned below may be had at Wharton's book store.]

"The Church and Private Schools of North Carolina," by Prof. Charles L. Raper, of this city, deals, as stated in the introduction, with a rich field that has lain fallow up to this time. Undoubtedly the writer who concerns himself with the religion and the schools of a people deals with the very fountain head of its civilization. It is not too much to say that the people of the state today are just what its churches and schools have made them. The author, while dealing with schools avowedly, necessarily shows incidentally the simultaneous growth of the churches.

The necessity for a history of education in the state will be instantly realized by the man who takes stock of his knowledge on the subject. It is doubtful if a half dozen men in the state have a clear idea of the tortuous course that education has followed through the past century and a half. And yet in importance the history of education is not second to the history of political changes and public crises with which ordinary history so largely concerns itself. The author very truly says of our schools: "Much of the best of our life has been and is in them; much of the history of the state has been made by them."

The author, in the preparation of his work, has had access to every publication extant, so far as is known, that bears upon the subject in hand, over twelve hundred titles in all. The authority for much of the material is given in copious foot note references that enable those especially interested to verify the correctness of quotation and inference, and at the same time to study more widely from original sources, if desired.

The opening chapter, part of which is published in this installment, is devoted to a "General View" of conditions in the earlier part of our history; a survey of the ground to be covered, an outline of forces and elements which later gave rise to and crystallized in the various institutions of the present time.

The work will, when completed, comprise about 150 pages. After appearing serially in the College Message it will be accessible in book form and will doubtless meet with the hearty reception at the hands of all students of history that the importance of its title and its own merits warrant. Mr. Raper is a young man, but his thoughtful and scholarly work should win for him recognition as one of the ablest writers of the state.

The current number of the North Carolina Journal of Education is up to the level of the two previous numbers. Among the contributions we note papers on "Louis Agassiz," "What this Century has Done for Education," "Schools of Saxony," "Primary Reading," Walter Page's Address on the "Forgotten Man" and others.

The only two college magazines that have come to the reviewer's table so far are "College Message," of the Greensboro Female College, and the "Guilford Collegian." Both speak well for the literary spirit and culture of the institutions which they represent.

A new book by Captain Mahan is forthcoming. It is entitled "Sea Power and the Future of the United States."

The title of Sarah Grand's forthcoming novel is derived from the name of her heroine. "The Beth Book" is the story of Elizabeth, a child who develops into a woman of genius.

Anthony Hope, who has arrived in this country on a lecturing tour, is regarded by many as the best after dinner speaker in London. Harold Frederic, in a recent letter to the New York Times, said for elegance and purity of diction there is no speaker there to compare with him.

The "Works of Samuel" are to be edited by Dr. H. Alonzo Cushing, of Columbia University, for the Putnam's Sons series of "Writings of the Fathers of the Republic."

The creator of "Chimmie Fadden" and "Major Max," Edward W. Townsend, has given us fourteen biograph views, so to speak, of lowly New York in his "Near a Whole City Full." Quite clever in their way are these sketches, but it is somewhat extravagant, to say the least, in publishers to declare that "there are certain cities which speak with a compelling voice to certain writers, like Coleridge's 'Ancient Mariner,' they seem to select the man who must hear them, and lay their spell upon him; thus Stendhal is impelled to tell of Florence, Coppee of Paris, Dickens of London. New York seems to have made a similar demand upon Mr. Townsend." There is some little chasm between Mr. Townsend

and even such storytellers of Manhattan as Edgar Fawcett, the late H. C. Bunner and Brander Matthews, let alone De Stendhal and Dickens. "Tenderloin Harry" figures in several of these tales, and his name implies the prevailing habitat. Tenderloin vice, opium smoking, lower stage and morgue—such are the themes.

#### The State Fair.

On account of the North Carolina State Agricultural Fair at Raleigh, the Southern Railway will sell tickets on October 16, 17, 18, 19, 22 and 23 at rate of one first-class limited fare for the round trip, plus 50c. for one admission to the fair grounds. The fare from Greensboro will be \$3.15.

On October 20th and 21st, special tickets will be sold from this city for \$2.40, which also includes one admission to the fair grounds.

## NEWS OF THE TAR HEEL STATE.

North Carolina has 94 banks, and the total deposit in them at this time amounts to nearly \$10,000,000.

The governor yesterday appointed C. S. Wooten, of Lenoir county, a director in the colored insane asylum at Goldsboro, vice J. F. Smith, resigned.

Governor Russell and Chairman Dockery, of the board of directors of the penitentiary, have taken steps to force the resignation of Jno. R. Smith, superintendent of the penitentiary on the ground of incompetency.

A large lot of furniture and fittings for Elizabeth College have arrived, and are only waiting for the workmen to complete the main building before they are installed. The college will open its doors to students next week. Charlotte News.

J. A. Rowland, son of Col. A. Rowland, has been critically ill for several weeks, and no hope of his recovery is entertained. The disease is thought to be sun stroke. He was admitted to the bar last year, and was promising and popular young man.

A telephone line will soon be run from Enfield, the tobacco town of the county, to Halifax, the county seat. This line will probably connect with the Scotland Neck telephone, which will soon be in operation. The poles have been secured and contracts are being taken for phone service.

Labor Commissioner Hamrick has received some very fine specimens of kaolin from King's Mountain, the only kaolin mine in the state, corundum from Rowan, Jackson, Macon and Swain. The kaolin is, of course, used in making China and the corundum in the manufacture of sand-paper.

The interest-bearing bonded debt of the state stands, at present, as follows: 4 per cent consolidated bonds, \$3,366,250; 6 per cent North Carolina railroad construction bonds, \$2,720,000; total, \$6,086,250. The interest is payable on the 4 per cent bonds in January and July, and on the 6 per cent bonds in April and October.

The Hendersonville Times learns that the widow of Bill Nye had \$8,500 in the broken First National Bank of Asheville, of which she will not get a dollar back, and adds that the admirers of Nye should start a subscription and make up the amount, as it was about all she had but some mountain land.

The new mill, which has been rumored for sometime, as among the possibilities at Carthage, N. C., now appears to be a certainty. Messrs. R. H. Tyson and W. H. McNeill are understood to be particularly interested in its construction, and the entire business portion of the town is backing the enterprise.—American Wool and Cotton Reporter.

Governor Russell has signed the petition for a respite for Edgar Purvis, the condemned murderer who last August killed Flagman Blackwell, of the Atlantic Coast Line. He is reprieved until November 17th. Purvis was convicted of murder in the first degree at the fall term, 1897, of Harnett superior court, and sentenced to be hanged October 13th, 1897. This action was taken because Purvis is dying from injuries received by being struck by a train.

**What It Means.**

When we advertise that we will guarantee Dr. King's New Discovery, Electric Bitters, Bucklen's Arnica Salve, or Dr. King's New Life Pills, it means that we are authorized by the proprietors to sell these remedies on a positive guarantee, that if purchaser is not satisfied with results, we will refund the purchase price. These medicines have been sold on this guarantee for many years and there should be no more conclusive evidence of their great merit. Ask about them and give them a trial. Sold at C. E. Holton's drug store.

Miss Hattie Hartsell came down from High Point this morning to spend Sunday. Miss Hattie's friends here are legion, and her visit will be a continued love-feast.

Miss Clara Martin, diplomate in osteopathy, was in the city, at the McAdoo, this morning and returned to Durham on the noon train. She has a large practice in osteopathy in Durham and has been very successful. She will visit Greensboro again at an early day. Read her ad in this paper.

**BALTIMORE'S BELATED SPURT.**

Took an Easy Game From Boston Yesterday.

Springfield, Mass., Oct. 8.—Three thousand people saw the Boston and Baltimore National League teams play this afternoon, which resulted in an easily won victory for Baltimore. Klobedanz's poor work in the third inning was largely responsible for Boston's defeat. He was wild and was batted hard when he managed to get them over. The game was well played and full of snap and ginger, although no one of the players exerted himself at any time. When Doyle came to the bat, he was presented with a handsome watch, chain and charm by his fellow townsmen from Holyoke.

The following is the score:

Baltimore.....0 2 5 0 1 0 0 0 — 8  
Boston.....2 0 0 0 0 0 4 — 6

## BRIEF LOCAL MATTERS.

The C. F. & Y. V. pay train was here today.

Read Odell's change of ad in today's paper.

Marshal Mott went down to Raleigh at noon today.

John R. Webster, of Reidsville, was in the city today.

S. L. Crowder, of Raleigh, was here this morning.

J. A. Davidson, of Gibsonville, is in the city today.

Service for the children at Centenary Sunday morning at 11 o'clock.

Prof. Whitsett, of Whitsett Institute, was here today, returning home on the noon train.

Mrs. Myra Albright went down to Elon College on the noon train to spend the afternoon.

Prof. W. T. Gannaway passed through today going home from a visit to Virginia.

Miss Eva Yost, of Norristown, Pa., is visiting her cousin, Miss Mamie Yost, on Arlington street.

The Guilford College Football team went down to Chapel Hill today to play the University team.

The Keeley Institute is moving today to its new and attractive home, at Blandwood, in the western part of the city.

We noticed a new lot of the celebrated King heaters being unloaded by the Odell Hardware Company this morning.

Mrs. H. T. Hines, of Baltimore, who has been in the city some days visiting her parents, Mr. and Mrs. L. W. Andrews, returned home today.

Prof. J. O. Crosby, formerly president at the colored A. & M. college here but now of the State Normal college at Salisbury, is in the city today.

A large number of federal court attendants went home today to spend Sunday. The crowd making a rush at the Wilkesboro train this morning looked like an excursion.

R. M. McArthur, ex-sheriff of Forsyth county, was here today going to Indianapolis, Kansas City and St. Louis. He expects to buy several car loads of western horses and mules.

J. J. Stone, superintendent of fire alarm, will test the system Monday afternoon. If you should hear the bell don't be alarmed. The striking apparatus seems to be out of fix, hence the test.

Messrs. A. L. Brooks, Cobb, R. M. Reese and son, Gilmer went out squirrel hunting this morning. If the festive squirrel does not want his light put out he had better go in his hole and pull the hole in after him.

Mrs. B. B. Bouldin and two children arrived last night from Lynchburg, and are stopping at the Benbow. Col. Bouldin has been here several days. They expect to commence housekeeping as soon as they can secure a suitable place.

The invitations for the full dress reception to be given by the Merchants' and Manufacturers' Association on Thursday night were printed by J. J. Stone. They are tasteful in design and neat in workmanship. Patronize home talent.

The very latest in hats and neckwear received today, is what C. M. Vanstory & Co. want to show you. They have one of the largest and finest stocks in North Carolina. Everything up to date. Read their ad and go to see them. They conform every hat to fit your head free of charge.

About 3:30 o'clock this morning Jake Jones' store on East Market street, just beyond the railroad, was destroyed by fire. The flames when discovered had almost enveloped the entire building, which was of wood, and by the time the fire company got there the house was about burned up. Loss estimated at about \$700. No insurance.

We call your attention to the new advertisement of the Guilford Department store in this issue of THE TELEGRAM. Mr. Pretzfelder has large experience in the mercantile business, and is well up with the wants and needs of the trading public. He has a large and handsome stock of new and seasonable goods. Call at the Guilford Department store.

### His New Trap a Beauty.

A TELEGRAM man had the pleasure of a spin in Cal McAdoo's new trap this morning. It is a new Montgomery cut-under, from Morris Woodruff of New York, and is a real beauty. The running gear is finished in blue and gold and the bed in black, while the trimmings are elegant and tasty. It arrived this morning and Mr. McAdoo is justly proud of it.

### Attention, Athletes!

There will be a meeting of the Athletic Association in the law office of R. D. Douglas, in the Savings bank building, tonight at 8 o'clock. Full attendance desired.

## NEXT SATURDAY IS THE DAY

And the John Robinson & Franklin Bros. Show the Attraction.

Never in the history of tented amusements has the world known so vast an enterprise as the one made by the combining of these two great institutions. It has brought the circus field into a new era, and placed circus exhibitions upon a basis that has never before been attempted.

Two separate and distinct representative circus companies, culled from the best that the world affords have been joined together. Two massive manageries have been blended into one and the two magnificent parades have been so arranged that a double parade is given daily in the cities where these combined shows are to exhibit.

It requires the largest tents that have ever been constructed to accommodate this big amusement institution, and so enormous have been the crowds attending, that it has been necessary to augment the seating capacity, for it is not the policy of these shows to so limit their seating capacity as to make those who desire to see and enjoy the wonderful performances procure reserved seats, and while there have been reserved opera chairs placed around the arena for the accommodation of those desiring them, fully eight-tenths of the seats are free to the patrons.

Their day of exhibition in Greensboro is Saturday, October 16th, and it will surely be a gala day.

### Excellent Showing of City Schools.

Superintendent Grimsley, of the city schools, reports that despite the scarlet fever scare, the attendance of the schools is now up to the enrollment of the whole of last year. This means that the number of students in attendance this year will be from twelve to fifteen per cent. greater than last year. These figures apply to the white schools only.

### Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by C. E. Holton.

CLARA MARTIN, OF DURHAM, N. C., Diplomat in Osteopathy, will be at the McAdoo every Tuesday and Saturday after next week, from 7:30 to 11:30 a. m. Nature's method of healing developed into a science by its discoverer, Dr. A. T. Still, the basic principle of which is the adjustment of bones, muscles and ligaments and so removing obstructions to all vital forces that there may be perfect freedom of all life giving systems, thus permitting nature to do her "perfect work." Almost all forms of disease have been treated successfully by Osteopathy. Among them we mention the following: General nervous prostration, lumbago, St. Vitus' dance, spinal curvature, headache, all forms of neuralgia, loss of voice, enlarged tonsils, croup, diphtheria, infant consumption, asthma, wry neck, catarrh, weak eyes, goitre, rheumatism, all forms of fever, measles, mumps, eczema, deficient circulation, atrophy of parts, paralysis, all dislocation, hip joint disease, milk leg, liver and kidney disease, all stomach and intestinal affections, dyspepsia, flux, constipation, piles, urethral disease, etc. Female diseases a specialty. Consultation and examination free. oct-14

## Each one Separate.

If each lump of coal was separate, with legs to walk on and arms to wash and brush itself clean, it would be just a little cleaner, and could get into your cellar just a little easier than it does at present. Mind you, only just a little. We think we have the cleanest and best coal ever mined, and that we deliver it as carefully and promptly as it can be done. We should be glad to have your opinion and we'll treat you fairly.
